That was an amazing experience, it was greater than anything I could imagine, you don't really know until you feel it, within your body, once you do, you cannot undo. It's like opening one more sense.

MARION:

I am filled with gratitude, trust in my self & my intuition, it was deep and special, That was such an intense weekend, and exactly what I needed to be able to understand energy work and feel it more deeply.

OANA:

We felt the very powerful energy that is inside of us & of each person, and once we learn how to work with that, we can spread to the people that vibration. It is a great way to follow our intuition and HEAL.
